**Name:** DOBBY\*

**Type:** dog

**Since:** 27-9-2015

**Sex:** male

**Age:** 17 years and 4 months

**Breed:** Crossbreed

**Size:** medium-size

**chip:** PB-2015/175-M

**City:** Elche

**Health:** Good. Vaccinated and dewormed. Not castrated. Might be deaf. Missing first left paw.

**Description:** This gorgeous doggy was found wandering at the local fair. He was terribly wounded and therefore taken to be attended by a veterinary. Despite the loss of one paw, Dobby is now fully recovered from his wounds.

Either economical and personal situation of actual carers is making it imposible for them to keep Dobby any longer, so they are looking for a good family to give all the love Dobby will need on his many years of life left.

We are told that he is very loving and laid-back at home, although jumpy. He gets along with dogs and he doesnt really care about cats.

Do you want to be the one to give him a chance?
